

Breakfast, at Tavernola, is served in the bright breakfast room.
Buffet style breakfast consists of coffee, toast, tea, cappuccino, fruit juices and so on..

Every day, Mrs. Rosa, the owner, bakes apple pies and jam tarts with homemade jams to give you the real home-made taste.

For those who prefer a savoury breakfast you can try the cold cuts and traditional cheese from Campania with fresh and fragrant bread.

Everything to wish you a very good day…
